

Avaya Learning Services

OnVUE – online proctoring by Pearson VUE testing now also available for Avaya exams

Overview

Avaya Learning is pleased to announce an expansion to the exam services delivered through our partnership with Pearson VUE.

The OnVUE online proctoring from Pearson VUE provides Avaya exam takers with the ability to challenge an Avaya exam from a suitable remote location. The OnVUE service combines artificial intelligence with live human proctoring when delivering an Avaya exam.

Individuals will still be able to visit a local Testing Center to challenge an Avaya exam upon their desire.

Candidates interested to challenge an exam via online proctoring should [click here](#) for further details around the new exam delivery service called OnVUE. Please ensure you review both the Avaya and the OnVUE testing policies and system requirements.

Promotion

Students interested in taking an Avaya Exam via OnVUE will benefit from a 15% discount of the regular Avaya exam delivery price. This special promotion is available for all proctored exams delivered via OnVUE and booked before 31 March 2020 (with a last exam delivery appointment date by 30 April 2020).
